

3 years of happiness

A diary
of
memories

**means of this diary what all I have
preserved and captured through
my mind in the last 3 years, and
how much I adore us to remember
our little cute details.**

**I decided to show you what you
mean to me through this diary.**

I hope you'll like it ❤️

Dedicated to Aryan

The day it all started...

27Th Sept 2020

When did it all really start, if you ask me, was our JEE Advanced paper. Why? For us to ever start, you should have made it to IIT Delhi. Had those guys corrected the answer key for that question from the Electrostatics topic, you would have been in IIT Bombay. Do you know, how grateful I'm that they didn't correct it? 😊 So, my first thanks is for those JEE Advanced guys who made us possible (even though they have no idea about it lol).

I know, you were sad about it, but I like to think of it as the butterfly effect (the sensitive dependence on initial conditions in which a small change in one state of a deterministic nonlinear system can result in large differences in a later state, source: Wikipedia). The result of that one single question is what we have today, isn't that beautiful?

Here is your fav question (and now mine too)

Two identical non-conducting solid spheres of same mass and charge are suspended in air from a common point by two non-conducting, massless strings of same length. At equilibrium, the angle between the strings is α . The spheres are now immersed in a dielectric liquid of density 800 kg m^{-3} and dielectric constant 21. If the angle between the strings remains the same after the immersion, then

- (A) electric force between the spheres remains unchanged
- (B) electric force between the spheres reduces
- (C) mass density of the spheres is 840 kg m^{-3}
- (D) the tension in the strings holding the spheres remains unchanged

The day it actually started (1)...

12Th Dec 2020

“Hi I’m Aryan Dua from IITD, looking forward to socialize”

The very first text exchanged between us ever was on Instagram. You saw my post on insta freshers page and messaged me.. do u know, I was actually very shy and was pretty much not gonna have that post on freshers page, but Smrati kind of pushed me to. But you know, I like to believe that even if I hadn’t had that post, we would still have reached where we are today; maybe not via Instagram, but some other way.. I think, we were always meant to be ❤️.

It is sad that Instagram deletes very old messages.. I wanted to take a screenshot of that message and put it here, I am sorry, I never took one 😞

PS: this date I remember is pure memory. I couldn’t even find the message, so date toh kese hi milti

The day it actually started (2)...

4th March 2021

Let's be honest, we both know we didn't have a "specific" start date. I think these kinds of romances are the best ones: both of you don't need a formal verbal agreement to state that yes you are dating, but rather, there is so much mutual connection and understanding that both of you just know that you are. But fir bhi, for the sake of having an anniversary (so that we keep the celebrations of love alive between us always), we decided that 4th March is gonna be the day. Do you remember why? I do... This was the first time you asked me "hey prisssty will u be my missy". And even though I said yes and asked u are we official now, you said "abhi nhi, majors ke baad". Average depc maggu boy 😐 😐 😐 😐

The day it actually started (3)...

7th March 2021

When we were discussing about what should we keep our anniversary date as, this was another date that we had in mind. Do you remember what happened on 7th March? We both had an extremely long VC (Those online covid times, and uff your rules, you would only have late night vc's on Saturday nights, 7th March was also a Saturday night). You remember our vc's (or lets say, silent vc's). How we would chat and not speak a word, coz if we did, we would wake up others. We would smile and watch each other, and all the time talk on text. This was our own unique way I guess, very different from all others. The words you said to me on that day which I can never forget were “too much crush on Prisha ❤️” and “I like u”. My heart must've skipped a beat when I heard these words, and I remember

how much happy I was internally, that feeling of fresh love, I wish I could relive that moment again ❤️

First fight, First I love You

28Th May 2021

Do you remember the first time you said I love u to me? We had our first fight, which I don't even remember about now. All that I remember about that day is the first I love you... You think I only remember our fights 😭😭? Baby, if that was the case, 3 years down the line, I wouldn't have remembered our first I love you, but would've remembered the details of that fight.

Do you know when did I start using saved messages feature in telegram? The first saved message there is “I love u”- forwarded from Aryan (IITD)

Another fight, and another I love You

12Th July 2021

Why do we have our important firsts happening during a fight only? Do you remember this one, I got insanely jealous of Ritika (because you shared with me a video where you played with her hair). The distance was already making it hard, and then I see something I want between you and me happening between you and Ritika. I am sorry, I was insanely jealous because I loved you so much back then also 😭❤️. This was the day I said I love you to you for the very first time, even though I wanted to wait and say this to you offline first, I just couldn't 😭❤️

The first offline real meet...

16Th August

2021

The surprise you gave me, OMG!! I couldn't believe that this was actually happening! You remember how I kind of had a crazy intuition that you're coming to Delhi? I actually searched for flights that day (Pune to Delhi). When I found my intuition was correct I kind of started believing we do have a connection from heart.

How crazy that day was!! I even remember the clothes I wore the first time to meet you: a red colour top. Seeing you for the first time irl, my first thought: he is taller than I thought.. his voice is so different.. here is our first ever photo:

Our first Date...

17Th August
2021

The day I was super excited for!! I took permissions for this day even before you confirmed to me that you actually were in Delhi, before your flight could even land, I made plans!! We spent the whole day together!! First, we had our lunch at

Green park (Dominos). Oh wait, no, first we took our very iconic pic.. The one near the Hauz Khas metro station

Then we came back to campus and met a few people. After that we went to that kind of hill top near back of Kailash, and sat against the tree.. We had an amazing time there, no? 😊😊

My first birthday with you (Virtual)

5th October 2021

I remember you had so pure intentions that day, you tried to stay up till late for

me and by chance fell asleep.. I know baby, you didn't do it intentionally.. and when you woke up, it was 5:50 in the morning. Yeah I know sometimes your sleeping can be annoying but tbh, you seem like a real cute innocent baby who is sleeping.. I LOVE YOU SO MUCH.. You look SO CUTE while sleeping though, just wanna huggie you always..

The day before that, you also sent me an icecream ; my favourite flavour , vanilla (I'm a basic bitch no?). We had a vc, and I ate my icecream with you on that vc. Do you know, I was secretly kind of still hoping you would come and surprise me again like you did in August? Silly me

Our first date night

22nd Nov 2021

Majors are finally over YAYYY... Now we can have our first date night after being on campus! Let's go to cyberhub..

Sometime later:

Cyberhub aa toh gye par sab itna mehnga hai kya khaye? Pura cyberhub ghumke, hum gye Tacobell (my first time trying something new with you)

Why tacobell? Kyunki uss se zyada kisi place ko afford karne jitna humara budget hi nhi tha

Fir humne cuberhub ke steel tables and artificial grass vali location pe bahut saari photos li, to just get that one perfect picture of us.. Totally worth it ❤️

First Photoshoot

1st January 2022

We clicked so many pictures this day! You were about to leave for Pune, and the plan was for me to drop you till the railway station. But before you went, we actually did our photoshoot near the Zanskar swing, we took a million photos, all

are my fav..

Isn't this one of the cutest??

Bye Delhi, Hello Pune

1st January 2022

I was so sad, the first time you were leaving Delhi to go to Pune (I mean the first time both of us were on campus). I cried feeling so alone on my way back... do u remember I sent you pics of me crying? 😢 😢 This is still my face every time you leave for your home, Even though I don't' cry that much now its only because I

have gotten better at hiding those sadness emotions from you, but every time you leave, I still feel the same.

Also, sorry for the COVID I gave you (ps: and your whole family too and all those people on the train lol, pps: do u remember the cookies?)

First anniversary!

4th March 2022

You made my day a million times better by deciding to make it to campus on the day of our anniversary. We had gone back to our homes since COVID had arrived with another new wave (ps: along with ourselves , we also brought covid to our homes but that's a different story)

Even though you were very busy and had an assignment deadline the very same day, you still made it to campus and decided to have dinner with me. We ordered Taco Bell (it became my new favourite ever since the first time I had it with you)

I loved picking you up from the airport. This was the second time I was picking you up, but I was very excited (so much that I borrowed new clothes from Smrati so that I could look extra good for you)

You brought me a packet of bhakarwadi also which I bhasmed very soon.. Tysm!!

Ps: don't have a picture of us since you were busy with assignment but here is a picture of the day we were coming back from the airport

When Aaru took me to AIIMS

8th March 2022

Do you know, I have a whole message written down for this date, which gives an account of all the events that happened on this day. You were sick and vomiting. Oh wait, let me copy paste the exact message that I wrote 2 years ago here.

12:57 PM

This is another saved message I have. I was so touched that day, you were sick, you deserved the care and attention, but guess who got it? Prissy. You have always put me first; I can never thank God enough that I got you. I have never doubted for a second that you'll ever fail to take care of me. I love you so much aaru... ❤️

First time you came home..

9th March 2022

After my leg got hurt, you and Smrati came to my house to surprise me, I guess that was your first ever visit to my house. I was so happy to see you both! You also got me chocolate and flowers. I know, it was you who wanted to visit me at my home, but you couldn't do so without raising a suspicion if you came alone, so you

brought her as well.. and I also remember the 2 of u doing bakchodi in a room and me trying to say to you guys “ mumma dekh lengi band karo”

Ps: ussi din Max Planck ka bhi intvw tha mera and I had called u to vc with me for 2 mins and then again got angry since u didn't pick it up (coz u were on ur way here). Stupid me.

Pps: I'm writing this on 9th March 2024, exactly 2 years later..

Cyberhub Date

15th March 2022

Initially we had plans to go to cyberhub, but then this whole hurting the thing happened and we had to delay it. The day I came back to campus, even though I couldn't walk properly for long stretches of time, I still was so excited to go with you that I went even with a lot of ache.

Aur humne vaha jaake kya kiya? Fastfood chains se khaya 😊😊 MCD, pizza hut etc.

First festival together: Holi

18th March 2022

I tried to surprise you this day by telling you that I wasn't gonna be on campus for the festival when my plan all along was to come and surprise u and say happy holi and put lots of colour on your face

Lol do u remember how someone made a meme out of us that was very vulgar?
(something like Pornhub)

Happy birthday Aaru!!

25th March 2022

Your first birthday offline with me.. I was confused kya karu tere liye, should I invite friends for celebration, or what. I ultimately got u my favourite cupcakes and we had our own private celebration. It was nice no?

Sorry I got upset over the lunch you had with your friends 😢

Dance at RDV with Aaru

29th April 2022

The first time we did anything like a ball dance was this day. Isha and other girls group around us called us very cute. It was I think Sunidhi chauhan's concert and she was singing some romantic songs.

I have a very cute picture that I put up as a story that day

How cute is this no??

Your internship offer!!

3rd May 2022

You remember after I got my foreign internship, we both were sending mails for your internship opportunity. I remember I was praying internally so much after your interview that pls god isko ye vali opportunity mil jaye, bcoz then we would both get to travel Germany together! At that point all this seemed to good to ever be able to come true, but it did and OMG I was so so so happy that day!

Ps: I intentionally sent more mails to German universities than any other countries' universities 😊

🚩 Update on Internship Offer ↗

From Woodstock, Zev Cohen <woodstock@zib.de> on 03-05-2022 18:34

[Details](#) [Plain text](#) [Light](#)

Dear Aryan,

We have decided that we would like to offer you an internship position for this summer. However, due to a budget freeze in the Berlin Senate, the funding for June is still uncertain. We are trying to figure out if we can unlock some funds and will hopefully have a definitive answer in the next few days.

Best,
Zev

CAUTION: This email originated from outside of IIT Delhi. Do not click links or open attachments unless you recognize the sender and know the content is safe.

First hotel

18th May 2022

Still remember your resistance in going to our first hotel 😖. But I still am so happy we went; this was the first time we cuddled each other and slept in each other's arms. I loved seeing you asleep, you looked like a small cute little baby, and watching you sleep was so calm and beautiful. Mera man karta hai roz subah tujhe huggie karke sirf mein hi uthau ❤️

Becoming your family

22nd May 2022

I know this is a really small one, but to me it was very significant, that's why I have it as a saved message. You said to me “Gn family ❤️” and also included me in your family pic and sent it to me. Thanks for making me your family. You and I are a family till the end... I LOVE YOU

First international trip together

17th June 2022

We never had a domestic trip; our biggest flex is our first trip together was international 😎 Supercool right? The place we first visited together was Berlin. I was so excited getting off that train ready to see you at the railway station.. We were out late night roaming the streets of Berlin, searching for food. We did boating, visited so many places. This is also where your famous “Mujhe kya mein toh pattagobhi hu” picture was captured

The last one in Germany (1) ...

18th July 2022

We were coming back from our trip to Munich, and I was so sad when it was the time to say goodbye. The last two months had been just like a dream: it felt a little like our honeymoon: going to places together, staying in the same hotel, outings, food, exploring culture etc

We parted our ways at the station (after all the drama of having lost my keys, us waiting for the hardware store to open, meanwhile us going to the police station to get my bag opened, and that afghani person saying for our lock “asli hai”)

What an adventure no? Feel like all major ups and downs of all my life have been with you and only you

Here is a picture of us parting at the railway station (but wait, was it really the last time? Haha)

Ps: I'm sad, don't want this to end.. 😢

The last one in Germany (2) ...

26th July 2022

We had a huge fight the day before, I got super angry. But you made all sorts of efforts to come meet me in Gottingen. Showing up at my door at 3am at night scared me enough, but seeing you at the door, I remember, I forgot everything instantly and just hugged you. You are right, we should resolve fights by meeting physically. All that anger just goes away..

I wish you had stayed a little longer though, like just one extra day. But you had your Optiver tests going on so I had to let you go, otherwise I would have held u so tightly in my arms that you could never leave.

Ps: Thank you for preserving my hair from Gottingen 😊

First barbecue

11th Sept 2022

You may find it weird that I mentioned this but ab kya kare, hum dono hi foodie hai. Our life and dates are incomplete without food. So going for the first time to such a mehnga place is an imp memory. You gave me this party when you got your internship fixed at Ripik.

Kya kiya humne vaha jaake? Ice cream mix 😊😊

Ps: A picture of me trying to eat my fav snack

Proposal ❤

17th Nov 2022

So I had been going on and on about how I never got a formal proposal from you 😢😢 You made me such a cute proposal (my noob baby used his ipad tech to draw a rose for me).. Kya kare fir, anniversary date change karde?

Do you remember, iss se ek din pehle bhi ek fight ho rhi thi humari. All are cute important moments have come after a fight only (lol)

Hi Prissy ❤,
WILL YOU
PLEASE
BE MY
GIRLFRIEND?
?

yes 😊😊😊😊 ❤

Rose day

4th Dec 2022

This is about the first time you gave me a rose. We have a very very cute picture that we took that day. I had been cribbing since a long time about how you have never given me a rose etc etc. And since that day, the roses haven't stopped. You have gotten me a rose so many times since then.. A bunch of roses too.. I never throw them away. I cherish them so much that I try to keep them fresh for as long as possible by keeping them in water because it's a gift from u to me and I never want it to die.

Murthal

5th Dec 2022

Our first time where I sat in the passenger seat and you were driving; also the first time I saw you driving in real life. Aisa nhi hai I did not enjoy the trip, I did, it's only that I enjoy trips more if they are just you and me alone. But I remember uske baad we went to Cyberhub on our first Chilli's date where we ate loaded nachos and a bunch of other things. Fir fast fast drive karke zoom car chodke bhi toh aana tha.

So ig, our first trip together outside of Delhi (excluding things like Cyberhub in Gurgaon) can be taken as Murthal right?

Manali Trip

1st Jan 2023

I started my new year's the perfect way: with you 😍❤️. This was our first college trip together and I enjoyed it a lot. My New Year's Eve, the midnight moment, the new year's day, all was spent right: with you

You remember the cute photoshoot we had with that guy while we were just roaming alone near the river? And how much money he was initially asking for each photo but later agreed to give us all for some amount which was very less compared to what he had offered earlier?

My Billu ❤️❤️

18th Feb 2023

Without a doubt, you know this is the BESTEST GIFT ANYONE HAS EVER GIVEN ME. I huggie that cat so much.. whenever I feel low or down, or we have a fight and I miss you, I just hug it thinking its you and cry and cry and cry. My cat is the best thing you have given me as a gift!!

I love it so so much aaru, tysi for bringing billu into my life 😢 😢 ❤️

Ps: you're also my billu.. remember when I said meri cat ka birthday aa rha hai and you thought its you who's birthday is being talked about? I love you and your cuteness ❤️❤️

My two favorite cats ❤️

Picture taken the day we went to our first AIR BNB (26th Feb) and you helped me get my internship at Uber, can't thank you enough. Whatever I have today is all because of you. Thank you for helping me with my Uber test 😢 😢

32nd Avenue: Valentine's edition

18th Feb 2023

You remember when was the first time we went to this place? To celebrate our valentine's day. We hadn't had a proper celebration on 14th February because again, we were fighting over something.

But since we both can't have any celebration without food in it, what is the perfect way to celebrate valentine's? Go to a place with vibe that serves good food!

PS: Also the day I tried my first ever waffle and we discovered the concept of eggless waffles. Uske baad se toh waffles became an essential part of life too

Pps: How many new food items and places have I discovered with you? Tacobell, Nachos, Bruschetta , waffles, pancakes, thai curry, wok, subway cookie. You have made me a foodie.

Ppps: Remember 500 ka bruschetta? And how we laughed at it ki ye, ye hai 500 ka item?

Cooking together for the first time

25th Feb 2023

When we went to our first AIR BNB, we decided to cook together. Fir humne liye bahut saare pyaaz tamatar and capsicum, aur hum ho gye shuru pizza banane. Base pe sab kuch laga liya, hmm looks yum, now lets put it on the pan to cook it.

Nice the cheese has started to melt, it looks osum, lets lift it off the tawa.. AAAAH WTF YE TOH JAL GYA NEECHE SE 😱😱😱😱😱

The first meal we cooked together

Nvm pizza, bhelpuri banayenge. No cooking needed!!

Chalo ye toh theek bani

Kaizen with you

1st April 2023

Thank you for supporting me so much in conducting the quizzing event. The perfect quiz master. Thank you for handling things so perfectly and smoothly even though you had your own assignments and deadlines. It was because of you that I could go to Hyderabad tension free. I knew that Aryan would handle everything.

I loved the fact that we conducted, organized, and hosted this event together.

Thank you for joining NSS with me. You made my NSS experience 100 times better than it would have been without you. I enjoyed going for long meetings because you would be there too, and I wouldn't be away from you.

Best quiz master

First cream stone ice-cream

21st April 2023

Another thing I tried with you for the first time. I hadn't known of making ice creams by mixing earlier. We went to cp for our date and then went to this creamstone outlet. The icecream was yum 😊😊

And after that pata nhi kya hua, the store just closed. Sad we couldn't ever enjoy another ice-cream there.

Bangalore surprise!

26th June 2023

You don't fail to surprise me ever. Talking to me from Smrati's telegram account, pretending to be Smrati, tricking me into coming to the mall. I didn't anticipate thoda sab hi that this all could be a surprise! Well planned.

U remember the face and the expression I had when I actually realized it was you? The look I gave while we were on that escalator.

You had already ordered what I liked the most : a sizzler. Although we had to eat it very fast and got very little time together, but we had many Bangalore dates after that no? So we can add Bangalore to the list of cities we have already explored together

A cute evening in Bangalore...

13th July 2023

This day we had a fight and you came all the way from your home to my PG just to manao me. Thank you so much, kaha hi milega mujhe koi itna manane vala kabhi
😊😊

You got a rose for me as well. I kept that rose and carried it with me till Delhi because I just couldn't leave it behind, it felt like leaving you behind.

Yaha pe bhi foodie vali harkate hi ki humne, Gola sizzler, kabhi Polar bear, kabhi Golgappe, kabhi Sarjapura social. Bas khaate rehte hai hum

The picture below is my favourite: I'm resting peacefully in your arms, safe and secure, at rest.

Everything I do, I do it for you..

17th July 2023

This day, we were having some fight and you dedicated this song for me. You said, mene bachpan mein ek gaana yaad kiya tha, sunau? I said yes. Then you yourself wrote down the lyrics of the song for me and dedicated it to me. Thank you, it was very cute 😊❤️

Intern season

5th Aug 2023

I am sorry, I made you leave optiver. When I think about this day, ultimately, I feel sad and sad only. What I wanted was for you to feel the same for me: the “not wanna go away to another country without you” feeling and the “If she is so uncomfortable with it, I can leave an internship for her “ feeling, but I understood this later, that I can’t induce it in you. The result of me asking you to not go there was nothing but all negative: what you feel about me hasn’t changed, I know, career is and was and will be your priority (and that’s okay, I am lucky to have an independent thinking guy who is so focused that he’ll be successful in the future without a doubt) . All I got by this incident was you feeling sad, which I didn’t want. Ultimately none of us were happy, you didn’t get what you wanted (the internship), I didn’t get what I wanted (you feeling the same way about me as I did). We both lost, and I am so sorry, I shouldn’t have asked you to not go for Optiver. I am sorry Aaru, I am sorry you could land just Quadeye which you are still unsatisfied with. I am sorry you feel this way about your career options. I am sorry for this day. I should’ve realized what this meant to you when you agreed to leave me for Optiver, I should’ve told myself that Prisha if you love him, you’ll let him do what he wants the most. I am sorry, I got selfish. I tried to get what comes from a person naturally by forcing you to choose between me and Optiver. It wasn’t right, I shouldn’t have stopped you from going for it, because today you left one thing for me which you loved the most, tomorrow you’re gonna hate me for making you leave it. I don’t want you to ever hate me, so I won’t ever stop you from doing anything you like.

That’s why, at the end of the memories section of this Journal, you’ll find in the promises section a promise which will say that I’ll never ever stop you from doing anything you like even if it hurts me, I’ll never try to stop you by blackmailing you.

I am sorry for being this dark day in your life.

First Starbucks Date

24th Sept 2023

Ye party bhi tune hi di thi. Vese toh hum 23rd Sept ko jaane vale the, but then kuch misunderstanding ho gyi thi humare beech and you thought I didn't wanna go when it was nothing like that. So we went to starbucks the next day and pretended to be rich people who order and drink Venti with vanilla icecream..

Oh, the vanilla icecream, remember the starbucks hoping we did inorder to just find a café that has the vanilla icecream? You wanted to give me the best experience of that drink.

Again, this is another thing I tried with you only for the very first time. My first starbucks was with you ❤️

Darkest day (1)

14th Oct 2023

I wish I hadn't cancelled the hotel plans we had for this day. I am sorry love 😢 😢
It was all my fault. Had we not cancelled the plans, tu swimming nhi jaata. I was so worried sick when you got sick, but you never show your troubles as serious as they are. You always try to show you're fine even if you are internally in a lot of pain. Why aaru cat 😢 😢

I remember coming to sac bringing glucose to you understanding the only 2-3 words you typed. I was so worried that time like what just happened to him.

Congrats, you finished 4th in the race, but at what cost 😢 😢

You are such an innocent baby, you totally did not deserve this. All you did was decided to enthusiastically participate in a race, you shouldn't be punished for that. But life is unfair sometimes.

I am sorry you had to go through so much pain and stress 😢 😢

Look how innocently you are showing me your goggles in this picture

Darkest day (2)

15th Oct 2023

You don't even know how sad I am while writing all this, almost crying thinking about what happened to you 😢 😢

I brought you a care package made out of love, because I wanted you to recover asap, I am sorry I got it so late after your consultation was over, I really am sorry. I realize it must've been very painful to wait for those medicines 😢 😢

I am sorry I gave you the advice to eat ibuprofen, I am sorry love, I am so so sorry I caused you all this trouble 😭 😭 😭 😭 😭 😭 😭 😭 😭

I remember trying to feed you rice and dahi, but all you drank was a glass of juice, Then we took you to the hospital where they gave you another 2 injections of painkiller which might've worsened your condition even more 😢

Do you remember raat ko I tried to make you eat khichdi? We ordered khichdi for you, you didn't eat a lot of that, hardly 5-6 spoons. ALL OF IT I had to finish jabki bimar toh tu tha 😢 😢

Aur tune kya khaya tha? Pizza. Is that what patients and sick people eat, batao cat g?? 😢 😢

I LOVE YOU a lot, please never get this sick again, there are people who cry thinking about the thought of you being sick, please don't hurt those people again

Darkest day (3) and more..

16th Oct 2023

Took you to the hospital forcefully, little did I know it would turn out to be something so serious that in less than 12 hrs of your OPD consultation you would be admitted to the ICU. I tried to snatch that phone away from you because the doctor told me to, otherwise he would stress out over his condition. You know, I cried when I went out to ask doc about your status. I asked her “ theek toh ho jayega na” and doctor said “ we are trying our best, nothing more can be said”. I couldn’t even cry in front of you. That was the hardest part.

I waited 3 continuous days to receive any good news, but no, your creatinine levels were at a constant rise with no signs of improvement. The day I felt a little relieved was after your dialysis when they started dropping.

I came to visit you everyday, not because u asked me to, or that I was needed. I came there because I needed to see you everyday. I couldn’t be in public in campus, it just felt like “look at how the world is operating still in the same way, as if nothing has happened” when actually a lot had. I hated that world, the world which was normal without my Aaru in it. It wasn’t a normal world for me. All I wanted 24x7 was to be with you beside your bed in the hospital, holding your hand and sleeping with you. I did not want to give a quiz, attend a class or anything else. All that mattered was you. 😊😊

This is the picture of a shaitean cat who was told to take steam and he fooled everyone around by pretending that the machine was on

The day you came back

30th Oct 2023

This airport pickup after you came back from Bangalore was the best. I felt like finally after 16 days of not being able to meet you, I have my whole world back with me again.

When you left Delhi, all we could do was say bye to each other at the hospital. I wanted to huggie you so much while saying bye, because I didn't want you to go this way. You had been sick and here I have cried whole week and you leave me without a goodbye huggie 😢 😢. Not fair at all

But when you came back, I was relieved. It felt like life is restored back to normal. I was so excited to meet you at the airport.

If I could, I would never let you fall sick again 😢 😢

I love you aaru cat, pls never scare me like this again. I couldn't stand the thought of being for even a few days in a world without you. My world does revolve around you, and there is nothing I'd like to change about it 😭 ❤️

The Hotel after you came back

27th Nov 2023

We went to Park inn after our majors got over. You got me the cutest gifts that I wasn't even expecting. You get me so many random gifts that I adore and cherish, more than the gift itself, it's your intention and feelings that I feel overwhelmed by. Thank you so much for the osum necklace!

Ps: also thanks for giving me my new year's gift and giving me the complete gift set. I am sorry, I couldn't give you as many gifts as you have given me. Your gifts have always been so thoughtful. Can't list them all as there are so many, but wanted to let you know that there is a shelf in my cupboard at hostek that is solely dedicated to all the big and small things you have given me so far. Whenever I am sad, I just take my billu and that pillow with our photo, and I hug it and cry missing you. 😔 😔

Thank you for all of these, and I'm sorry I couldn't do as much as I should've. I will try to make up for it in the future 😔 😔

My love for you is everlasting and fresh as these roses

The day you told your mom...

11th Dec 2023

I am sorry for this day Aaru, sorry that I pressurized you, I had no idea. I just thought that like I feel nice and free after telling my mom, you would too. I am sorry you had to tell them before you wanted to, before you were ready. That is why, one of my promises is to never pressurize you again for anything.

But for me, this day was one of the happiest ones, because you telling your parents about me meant a lot to me (I mean atleast I got excited thinking tera man tha isliye tune bataya, what happened after that is a different story). But till the time I was under the impression that you yourself told them about me because you wanted to, I was happy, because it felt like having your validation, it felt like I mean something big to you that you tell your family about me. But I'm sorry you had to do all this under my pressure.

I love you my family, and I'm sorry for the way I made you feel 😢 😢

The Letter I Wanted to Write

1st Jan 2024

I am sorry, I didn't write this letter in time. But here is all that I wanted to write:

Dear Aaru,

My world revolves around you, and there Is absolutely nothing I would do to change anything about it.

In fact, I don't even have a world apart from you anymore. The statement should rather be, "you are my world". I am happy I feel this way for you. No matter how many fights happen, and how frustrated I become that this feeling isn't mutual, I still can't just do things to seek a revenge. I have tried it many times, whenever I say stuff like now "I'll go out with others, make plans with them", I already know that I'm lying, I won't. That is because we do things that we like, and I can't do something that I don't like just to seek a revenge from you. People are different, I am sorry I always tried to pressurize you with my over expectations to feel things etc. I am so sorry; you have left so many things you have wanted to do. I am sorry I have become a person in your life you feel constrained by, controlled by. I never wanted to become that. I apologize for all those cricket events, monopoly nights, for all those cancelled plans with Viraj, for that CSE trip, for all the times you had to stay idle in hostel even if I am not there because of my behavior. I am sorry for Optiver, I am sorry you got something beneath what you deserved. I am sorry that I am such a woman in your life that you feel the need to ask me for permissions to go out, when really it should be only your choice. I am sorry, I will try to make things better in your life.

I am sorry for talking in bad ways about your parents. I shouldn't have crossed my boundaries, it was not correct on any level. I am sorry I diverted my anger towards them, I am sorry I become the "crazy" person you call me whenever I am angry. I will try to improve my anger management techniques so that I don't cross more lines. I am sorry I started diverting my anger towards your cute innocent family. Please forgive me.

I am sorry for all those times I said those horrible words to you. Wish I could time travel and take them all back. I love you so much, that even if 1% of my horrible words ever came true, my whole world would crash down and fall apart in a second. I am sorry, I will try to control my words more. I will hurt you less with my words and not behave as a third-class citizen.

I am sorry If I ever tarnished your image in any manner. It wasn't my intention to; I am just terrible at my anger management.

When you fell sick, I realized what you mean to me in my life. You know we only realize the worth of a person when we feel we're about to lose them, or when they are not around. This is what happened when you were hospitalized. I didn't even think it could hit me this much. Till that day, I really didn't know that this is how much I love you. I prayed for you every day, I couldn't stay away from you even though I wasn't allowed to meet you for more than 10 minutes in a day. I didn't wanna be in a world where my Aaru wasn't, I didn't wanna be in campus or anywhere near the public. And you know, that's why I mean it when I say "my world revolves around you". During those 7 days, you and only you were the one thing on my mind 24x7. I am sorry I blame you for those quiz etc. , but in reality idc about that quiz, I only say that stuff when I am angry and when you blame me for something academics related I don't wanna admit it, so I try to use this as a defense, as a way of my revenge. The truth is, I don't care about that stuff at all, and I have decided I will not blame you for anything which you aren't even the cause for. I shouldn't blame you just for a stupid revenge, I will grow up and become more mature. I would've missed one whole semester if need be, idc about it. You mean more to me than my academics and career and yeah Ik internally you would be like "why is she doing this and why is she saying this stuff when it shouldn't be this way" but honestly, this is what it is. I love you more than all other things, and given any option blindfolded between family and anything else, I won't even look at the other option and choose the family button. You are my family too. Idc If you think it's stupid of me to prioritize you over career, but I am this way, and there is nothing I wanna change about it. I love you, unconditionally, above every other thing in my life. I feel lucky that I have someone like you who's presence lights up my world. I am still the same level of excited everyday looking forward to our meeting time. I still look forward to our hotel trips, our date nights, movie nights, monopoly game, everyday gcl meetup etc. In the end I'll just say this : "My world revolves around you, and there Is absolutely nothing I would do to change anything about it"

Promises to make your life better...

I know, I haven't been anything close to an ideal girlfriend. But I have decided to change it for better. I want to be someone you feel free with, and even if you can't feel what I feel for you, I always want to make you happier. I want to be able to give you all that you have ever wanted: the trips, the adventure, the friend circle, the sports, the networking, the game nights, your zpl auctions, dinner outings with your friends, internship parties with them, your career opportunities like Optiver, your MBA plans for USA. Here are my promises to you for the rest of our lives:

1. I will not be the one you need to ask for permission before you go out or make plans. I will never make you feel so controlled and tied again. I am sorry for the past; I wish I could undo all those times you stayed/didn't do something you wanted to because of me. I am sorry, I didn't let you go on your CSE trip. I am sorry, you haven't had as many game nights with your friends as you could have had because of me. I am sorry that you had to cancel your dinner plans with Viraj so many times because of me. I am sorry you couldn't play sports as often as you wanted to. I am sorry about gym too. I am sorry you couldn't attend the auctions you wanted to. I am sorry for all the other things I might've missed out mentioning here, the list is pretty long and will go on and on so let's pause it here.
2. I will not pressurize you for anything; I am sorry, you felt the pressure by me to tell your family about us. I didn't mean to, there is no point of you doing things under pressure, those things will only make u hate me more. Forgive me Aaru for pressurizing you. I promise to never blackmail you/pressurize you for anything. I will never threaten you or emotionally blackmail you to get things done my way. I am sorry for being a dictator in your life. I won't be a dictator or that blackmailing threatening pressurizing person anymore. I am very sorry.
3. I will never say a word to disrespect your parents in any way. I will try to control as much as possible, and incase you see me about to break my

promise, please remind me once, or huggie me once, and I'll stop (like in that movie, where the robot would give a hug to Aaru and Aaru would calm down immediately). I am sorry for all those terrible things I have said in the past, but I've decided to change this for good. (ps: this doesn't mean that you have to be open to me about your family, I understand what wrong I have done, and I don't expect you to be much open with me about your family, and that's okay, I understand, it's my fault)

4. I promise to be there by your side always, in your happiness, and even more if you're ever sad (I hope you never get sad). Don't get me wrong, not as a burden. I will be there whenever YOU need me, and whenever I am not a person causing more stress to you in your sad times or reducing your happiness. I will hold your hand in every crisis you face. I will be there when you're sick, I'll be there when you're sad. I will make sure you don't feel alone in any times of sadness. If I ever become your partner, I promise to be your partner in every situation, be it a happy or a sad one, whether I like it or not. I'll be there with you even if the whole world turns against you
5. I'll never make you compromise another career opportunity because of me. Wherever you go, I'll miss you incredibly, but I will never let that become a reason I stop you from going. You're like a little free bird who should be allowed to explore as much as he wishes. I am sorry for the opportunity you lost at Optiver. If I could, I would go back in time and change things. I would let you go to Amsterdam, explore Europe more, rather than tie you here with me in India. Sorry for your loss.
6. I will not lie to you unless it's for planning your gift or for something about your welfare (I do understand what is good and bad for you and us). In the exception of these 2 cases I might have to lie for some cover or some greater good, but otherwise I won't. In these 2 cases also, I'll try to minimize the lies as much as possible.
7. I will not stretch any fight for more than 2 days. After 2 days, no matter what the situation is, I'll try to come back to normal and also bring back things to

normal.

8. I will not make any bad brain comments. I never meant any of them. Bas gusse mein nikal jaata tha. But in reality toh on some levels I'm jealous of the natural intelligence you have, I wish I had some of it. I admire you for your brains. I am sorry for the hurtful things I've said in the past. I will improve.
9. I will love you till whenever I can. I don't know what happens in the world beyond the earth, but maybe there is a sky from where all the people we have lost in past watch us and love us. If ever an alien takes me to that sky and you're on earth, I want to tell you that I'll be sending you my love from that starry sky. I would want you to be happy with or without me, so as a loving gesture to me, I would want you to find a companion or a partner. It won't be like replacing me, because you have a right to be happy and have a partner with whom you have a loving relationship, you have a right to have a partner to support you in times of your happiness and sadness, you deserve someone to share yourself with, your feelings with. So please never feel guilty about finding someone else if an alien ever abducts me. It's not gonna be wrong. You wouldn't have ever let me finish speaking the last point, that's why I wrote it down here, hoping you'll preserve this diary of memories till late future and someday when you read this, you'll understand it too.

I hope I haven't bored you a lot. Every page of writing this has been an overwhelming emotion for me. You always think of me as someone who's not into

this kind of stuff, right? Bcoz I would want to get back to my “maggupana” as u call it. Guess what? I enjoyed making this so much for you, that before my quiz days and on the day of quizzes as well, I wrote entries of this diary. Suddenly, I would remember a memory, and I would mentally go back to that day, and then I would find the pictures and make this diary. I hope you can see what you mean to me. Kabhi meri nazar se khud ko dekh, tab pata chalega what you mean to me, what is your value in my life.

There is not another person in this world I can ever replace you with. There is nothing I would choose over just sitting with you silently in your company. I am like your little pet who loves to be around its owner, and I become happy when the owner plays with me or entertains me. I am like that happy cat whenever you’re around.

Sometimes when you are working, I would just look at you and think about you. How did I land up this piece of gold? I just keep staring at you, admiring you for the all-rounder personality you have: a package of everything, he is smart, plays sports, looks sexy and cute, has a big social life, excels at academics, has already offer from a top tier company, respects parents, doesn’t ever indulge in bad habits. You are an all-rounder and I admire and love you for that. I wish sometimes you had gotten someone much better than me, someone who is like your type and isn’t as boring as me, someone who loves adventure, exploring and traveling. I am sorry that you are the settler in this relationship. I am the Reacher, I got lucky getting someone way out of my league.

Thank you for staying with me and spending the time u wanted to spend on other things with me. You have been like a baby-sitter to me, not leaving me alone, I appreciate it a lot. But now this baby has grown and has learnt how to live a normal life. I am sorry I made you lose these last 7 semesters when you could have been building your networks with others. Thank you doing so much for me, even though I deserved none of it.

Lastly, I want to tell you one thing. Every word, every sentence I have written in this journal is written from the bottom of my heart. Nothing is a lie, I mean every word of it all.

I love you Aaru, thank you for existing in my life (from your Prissy)

Thank You ...

Thank you, for, where do I even begin from? The list is so long, I can go on and on and on

Thank you for spending time with me, I don't know how alone I would be had I not met you. You sacrifice things you like just to spend time with me so that I don't feel alone, thank you Aryan. I notice everything you do for me; nothing goes unnoticed.

Thank you for sleeping with me on VC's with lights on whenever I feel alone, Thank you for coming to the hospitals with me at the cost of missing your class and cricket match. Thank you for taking care of me when I tell you that I feel low. Thank you for bringing food for me, thank you for giving me chocolates, thank you for Billu, the necklaces, the ring, the miniso, the pillow, the heart shaped chocolate, the keychain, the ear dopes, the massager, all the birthday videos, they are the cutest.

Thank you for spending new years with me, for giving me your jackets when I am cold, for taking my legs and massaging them, Thank you for coming to restaurants that serve food items that I like a lot, but you don't. Thank you for pretending you don't feel cold so that I can have your jackets without guilt. Thank you for agreeing to order food even if you feel it's too soon.

Thank you for making me feel that I have someone in this campus and I'm not a total loner. Thank you for accompanying me in GCL till 5 AM just because my syllabus wasn't complete.

Thank you for Poha dates. Thank you for clicking photos of us, because of which I could find so many memories to make this diary. Thank you for movie dates, dinner dates, and hotel memories.

Thank you, for trying to hide all thoughts about the million other things you want to do, because you wanted us to not breakup. Thank you for making my college life beautiful. You were all that I needed here, even though I wasn't enough for you. I wish I was, but maybe in one of our next lives, I'll be enough for you. Thank you for existing in my life, and making me realize what Love is. I mean it when I say "Tu hai toh mujhe phir aur kya chahiye" ❤️

A song dedicated to you...

I want to dedicate a song to you, and I mean each word of the following lyrics:

Badle Tere Maahi

Laake Jo Koyi Saari

Duniya Bhi Dede Agar Toh

Kise Duniya Chahiye

Tu Hai Toh Mujhe

Phir Aur Kya Chahiye

Tu Hai Toh Mujhe

Phir Aur Kya Chahiye

Sunn Haaniye Jind Jaaniye

Sau Baar Janam Loon Toh Bhi

Tu Hi Humdum Har Dafa Chahiye

Tu Hai Toh Mujhe

Phir Aur Kya Chahiye

Tu Hai Toh Mujhe

Phir Aur Kya Chahiye

Such beautiful lyrics, even though you would be able to understand this much Hindi, still just want to tell you what it means:

If anyone offered me the whole world in exchange for you, I would reject the whole world. Because if I have you, who needs the world anyways? Tu hai toh mujhe phir aur kya chahiye. Even in 100 other lives I might have, I would want to be with you in each and every one of them.

That's what you mean to me Aryan. Tere alava nhi chahiye kuch bhi...

Happiest 22nd Aaru, I hope you get to explore everything you've ever wanted ❤️
